 - To strive to maintain the highest level of technical expertise through continuing education of company personnel and technical staff

LEGAL & ETHICAL REQUIREMENTS

All members of ATRA agree that while they remain members of the Association, they will practice the pledges of the Association code of Ethics: that they will adhere to the Service and Repair definitions which are part of these Bylaws; that they will subscribe to the Guarantee Standards which are shown herein; and that they will practice the Advertising Standards that are shown in these pages, and govern their own advertising and merchandising procedures as per the following:

THE ATRA CODE OF ETHICS AND MEMBER PLEDGE

As members of ATRA, we pledge to ourselves and to each other to diagnose transmission problems for customers and for each other in an expert and honest manner, and to state that the removal of a transmission from a vehicle in correction of its problems is necessary, only when this is the case.

We further pledge to provide prompt and courteous in-car diagnosis on behalf of customers of other member shops free of charge (Members may assess a charge up to one (1) hour of diagnostic time for electronic testing and scanning based on the current Golden Rule rate provided the charge is agreed to in advance by the warranting Member).

We further pledge to act with integrity, and to speak at all times in a responsible manner, and in all ways to adhere to the concept of the Golden Rule in our dealings with the motoring public and with our competitors of industry.

We further pledge ourselves to the promotion and improvement of the automatic transmission service and repair industry through maintaining the highest standards for parts and workmanship quality at our places of business.

We further pledge ourselves to the continual training and retraining of ourselves and our employees, in order to keep abreast of the constant changes in the state of the art of our industry.

We pledge to have ourselves and our employees tested and certified on a continuing basis in such a manner as will demonstrate the ATRA member shops are staffed with capable personnel.

We finally pledge that such transmission assemblies as we represent to the consuming public and to other members as "rebuild", will have been re-processed according to the Association Rebuilding Standards and Definitions as outlined in these By-Laws.

ATRA Member Minimum Rebuilding Standards

Rebuilder members of ATRA agree to re-process and to label and identify and to represent goods and services which they produce and market, to consumers and to other firms, under the following terms, for as long as they remain Association members:

- A. AN AUTOMATIC TRANSMISSION SERVICE shall consist of accepted external and internal adjustments and minor corrections in keeping with good industry practice: fluid change; new pan gasket; replacement of filter where applicable and appropriate; together with an internal inspection to determine the amount of contamination and debris in the pan.
- B. A TRANSMISSION REPAIR ordinarily consists of the minimum parts replacement and labor operations necessary to correct an immediate automatic transmission malfunction, and the true cause is seldom removed or corrected by a repair being performed. For this reason, a repair shall only be undertaken upon the insistence of the customer and with his full knowledge, and with any guarantee on such work spelled out in writing by the shop, in advance of the work being performed.
- C. EVERY ATRA MEMBER WRITTEN REPAIR ORDER shall carry a specific and legible statement describing work performed on behalf of the customer.
- D. WHENEVER A MEMBER SHOP EXTENDS A WRITTEN WARRANTY to a customer, then the customer shall be fully informed by the shop as to the specifications of the warranty before the work is begun.
- E. ASSOCIATION REBUILDING STANDARDS: no member or person or firm shall represent that any reprocessed automatic transmission has been "rebuilt, according to ATRA specifications"; unless such transmission has been reprocessed in the following manner; and members further agree to extend nationwide, inter-shop warranty coverage only on such transmissions as have been reprocessed in the following manner:
 - 1. All internal and external parts shall be dismantled and thoroughly cleaned and inspected, including the case and bell housing.
 - 2. The following parts shall be replaced with new, each time; all lined friction clutch plates; all gaskets and rubber parts; metal sealing rings as are used in rotating applications; disposable type filters.
 - 3. All bands as are used in dynamic applications shall be replaced with new or re-lined bands, each time.
 - 4. The valve body shall be thoroughly cleaned and inspected; all dirt and varnish and foreign substances removed; all non-serviceable parts replaced, and new gaskets installed where applicable.
 - 5. The torque converter shall be considered to be a part of the transmission; and any torque converter which is installed along with a rebuilt transmission shall be internally cleaned and inspected for wear; externally checked for leaks, cracks, weld failure and hub wear; and starter ring gear wear, where applicable. Any converter which is judged as not capable of delivering new converter performance and life shall be replaced with a new or rebuilt converter. Any converter which is installed along with a rebuilt transmission main body shall be guaranteed by the member along with the rest of the transmission.
 - 6. Any and all other impaired, defective, or substantially worn parts which are not mentioned above, but which would not be expected to deliver new part performance, shall be restored to a sound condition, or replaced with new, rebuilt, or unimpaired used parts.

3. A Golden Rule Warranty may not be issued by a Rebuilder member for transmissions they have rebuilt and that have been installed in a vehicle by a non-ATRA member shop; a Golden Rule Warranty may not be issued on over-the-counter/carry-out transmissions.
4. In those instances where it is unadvisable or undesirable to meet these rebuilding standards, then such transmission work must be described to the customer both verbally and in written form on the repair order as a "transmission repair" and not as "rebuilt", "overhauled", "reconditioned", or any similar terminology.
5. Neither the association nor other Rebuilder Members shall be bound to the specific terms of the Golden Rule Warranty plan when work has been warranted on other than association printed or authorized Golden Rule Warranty Forms.
6. Other Rebuilder members shall not be bound by or obligated to perform work under the terms of the plan when another member has extended coverage beyond the terms of the originally-issued Golden Rule Warranty.
7. Rebuilder Members agree to perform a visual inspection and road test for customers of any Rebuilder member possessing a Golden Rule Warranty, courteously, swiftly, and free of charge. Members may assess a charge up to one (1) hour of diagnostic time for electronic testing and scanning based on the current Golden Rule rate provided the charge is agreed to in advance by the warranting Member.
8. When acting as a repairing shop, for a Golden Rule Warranty, Rebuilder members shall obtain the name, mailing address, and phone number of the customer of the warrantor shop before proceeding with the diagnosis and repair.

11. When the repairs have been completed, the repairing Member shop shall acquire the driver's signature and release the car with no charges to the customer. All repairs must be completed in a timely fashion.
12. The repairing Member shop shall then invoice the originating warrantor Member shop in compliance with the plan terms set forth in the Association policies and procedures and the Warrantor member shop must pay repairing shop within five (5) days of the completion of the rework. ATRA shall guarantee payment for such work performed under plan terms.
13. The repairing Member shop shall warrant the quality of the work performed to the originating member warrantor shop for 30 days, up to the amount charged for the repair.

14. No Rebuilder member shall state, advertise or imply or suggest that the Association is a warrantor for any transmission repair work or parts.
 15. A transmission unit may not be shipped or returned to the originating Member warrantor shop for repair. However, a replacement transmission may be shipped to the repairing member shop. Once the vehicle is delivered to the customer then the original transmission may be shipped back to the originating warrantor Member shop.
 16. When a repairing Member shop determines it is unable to meet the terms and conditions of the golden Rule Warranty, the repairing member shop shall promptly advise the ATRA business office and request instructions.
 17. In the event a transmission covered under a golden Rule Warranty, is not rebuilt in conformance to the ATRA Minimum Rebuild Standards, the repairing Member shop shall be required to contact the ATRA business office.

Citation and Probation Policy

The ATRA Rebuilder Member is the heart of the Association. As such, it is important that all Rebuilder Members conform to the ATRA Code of Ethics.

Furthermore, any Rebuilder Member who violates this policy may receive a Citation, which could result in the restriction, probation, or suspension of Rebuilder Member privileges, including the ability to issue Golden Rule Warranties; or may result in the reduction to Technical Subscriber, which would render them unable to offer Golden Rule Warranties. The following is a list of grounds for issuing a citation:

1. **Avoiding Golden Rule Warranty service.** Any Rebuilder Member alleged to have avoided honoring Golden Rule warranties will be shopped by ATRA staff three (3) times in a 30-day period. If the shop avoids Golden Rule Warranty service through unwarranted delay or other deception during that 30-day period, the Rebuilder Member is in violation of honoring Golden Rule warranty service.
 2. **Late Payment of Golden Rule Warranties.** ATRA Rebuilder Members must fulfill their obligations for Golden Rule warranty repairs within five (5) business days.
 3. **Unanswered Written Complaints.** If another member or consumer writes a written complaint about a member, that member has no later than 30 days to respond to the complaint. The response must be in writing.
 4. **Disregard for Golden Rule Policies.** The disregard for Golden Rule policies, such as failure to use an estimator sheet, failure to adhere to the Golden Rule pricing structure, or any act that causes unnecessary delays in providing warranty service to the customer, that results in intervention by ATRA may result in a citation.
 5. **Excessive complaints.** Complaints from consumers and fellow members are recorded on each member's permanent file. A citation may be issued to a member shop that has more than 2 complaints within one year.
 6. **Bylaws violations.** Advertising violations, disparaging other ATRA members or issuing an ATRA Golden Rule warranty on a transmission that does not meet the standards outlined on the Golden Rule warranty.

Suspension or Expulsion

Certain infractions will result in instant suspension or expulsion from the Association. They include:

1. Intentional fraudulent submission of a Golden Rule Estimator Worksheet

The ATRA Code of Ethics requires honest practices from its members in all business dealings. Any ATRA Rebuilder Member found requiring unnecessary repairs from a fellow ATRA Member will be suspended from ATRA for up to one (1) year.

2. Failure to honor a legitimate Golden Rule Warranty

Refusing to honor a Golden Rule Warranty seriously undermines the integrity of the Association. Any ATRA Rebuilder Member found refusing to honor Golden Rule Warranties will be suspended from ATRA for up to one (1) year.

These infractions would be substantiated by the proper paperwork. Repeat offenders may be expelled from ATRA permanently.

All of the above criteria shall be enforced by the ATRA Golden Rule Committee.
